Reasons for Allowance

1. Examiner has reviewed and considered Applicants comments as indicated on pages 3 and 4 of Applicant's response dated 8/23/2004 and withdraws the previous rejection. Per Applicant's comments claims 1 -16, are now in condition for allowance.

The following is an Examiner's statement of reasons for allowance.

The prior art of record does not teach or fairly suggest at least:

"...scanning the body of object code for all bit strings potentially representing command names and identifying such command name; for each potential command name so identified, examining a number of succeeding bits for bits which represent valid options for each said command name to further identify commands having valid combinations of command names and options", as best illustrated by figure 3 and 4, in such a manner as recited in independent claims 1,7, & 14.

Therefore, all claims are in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
